

## Scandinavia

### Extraordinary experiences in untouched nature

Impressive lighting conditions, untouched dimensions and almost deserted streets – winter in Scandinavia offers a variety of unique adventures.

#### Programme Highlights:

Explore unique phenomena of nature with brilliant Super-Jeeps which are especially made for Road and weather conditions of the country. Begin a adventurously journey and enjoy the spectacular nature.

Go **with some Husky's on an expedition** or break up to an extraordinary **snowshoe hike**. Treeless elevated plains, an unbelievable scope and gorgeous panoramas guarantee this adventure to be a successful snow amusement.

The HP-strong mopeds, as **the Motorcycles** are also called, perform a fascination of the special kind. If you either drive over the frozen lakes or on selected trails over the mountains – the power of the machine will certainly always bring you safely to your destination. Drive through densely forests over huge lakes and frozen courses of rivers – always accompanied by the feeling of endless immensity and liberty.

Round 200 km northern of the polar circle a hotel is created yearly completely out of ice. Meanwhile **the ICEHOTEL in Jukkasjärvi** has achieved worldwide glory and belongs without doubt to the first address if you are looking for an especially extraordinary accommodation. During the daytime discover an extraordinary, iced museum of arts, during the night-time you will experience the fascinating silentness of the ice.

**The Snowcastle of Kemi** is the biggest castle in the world made out of snow. It is used as an ice hotel and built every winter with varied architecture in Kemi, Finland. The snowcastle is a Finnish answer to the world famous Ice hotel in Jukkasjärvi. It is situated southern of the polar circle, directly at the northern tip of the Bottnish` Sea. The central location of the Snowcastle allows to explore the city Kemi by foot, icebreaker-, motor-, and dog sledges to start from the front door and to enjoy the pulsate live of a Finnish city.

From the northernmost points of the Bottnish Sea **Sampo – the icebreaker legend** – drives to the frozen Baltic Sea every year. Through ice of several meters thick 8.800 HP pushes the 75 m long Ship. For extreme conditions designed the undecorated, simple ship hides quite a surprise in its interior space. The saloons made out of real wood and brass sends you already in the harbour into transports of joy.

Directly at the polar circle the nature can be enjoyed by it`s primarily profile. Expect extraordinary occasions in an **igloo** – during a building course or an overnight stay in an already built igloo (also possible in a heated glass igloo) – Pure nature!

Did you always once wanted to watch the fascinating Northern Lights that are sparkling in the night sky? „**Aurora Borealis**“is the fireworks of nature. In the northernmost areas of Norway you can experience this magical sky phenomenon which the person in the pole areas fascinates since centuries, by **a polar lights snowmobile tour**. This gorgeous imagination is one of the spectacular phenomenons of the nature.

On demand we will create you a complete concept due to your ambitions and wishes and care for a smoothly development of your incentive. Thus we guarantee that your event will offer a high-levelled and originally programme.
